

The Federal Communications Commission has granted WOBN a new frequency. This fall, the station will be moving from 101.5 FM on the dial to 97.5 FM. The change is due to movement by a large commercial station into WOBN's broadcast area—the law allows commercial stations to do this. To avoid being drowned out, WOBN will move its frequency to 97.5.

The change should be made by mid-Fall quarter, hopefully in time for the station's 60th anniversary bash on October 18 at Old Bag of Nails Pub during Homecoming Weekend. [WOBN.net](http://WOBN.net) will stay the same.

For information about the 60<sup>th</sup> anniversary celebration, go to [www.otterbein.edu/alumni](http://www.otterbein.edu/alumni) and click on "Events/Registration." Ticket prices are \$12 (if purchased by Oct. 13) and \$15 at the door. Tickets are just \$5 for current students. Enjoy hors d'oeuvres, music, old friends, a historical display and more!
