

Relay for Life a Success!

We asked you to support us in the fight against cancer and you answered the call. Otterbein's first Relay for Life event was held on May 1-2, 2009. Storms in the area played havoc with the opening ceremonies but in true Otterbein "gung-ho attitude" the student-lead committee regrouped in the Clements Recreation Center and continued on for the next 24 hours.

Thanks to all the alumni and friends who supported this challenge. Together we raised \$11,387 for the American Cancer Society. The top two fundraising teams were from the Otterbein Alumni Club of Central Ohio. "Cardinals Against Cancer" raised \$2868 and "New Cures on the Block" raised \$1670.
