

Celebrating 25 Years of Engaged Otterbein

In celebration of President Brent DeVore's 25 year tenure and all of the team successes shared at the College during this time, 2008-2009 will be a season of 'Celebrating 25 years of an Engaged Otterbein.' A committee of faculty, staff, students and board members has been meeting throughout the summer of 2008 to plan activities and communications around the theme. A website with a timeline will soon be launched where you can add your memories and photos through 1984-2008. Many things have changed over the years and many have stayed the same. Photos and events will take a look back at Otterbein engaged in community, service, teaching and learning. Some of the first glimpses of the theme will include the "Welcome Back Dinner" for faculty, staff and emeriti where we will be introducing a "President's Quarter Century Club" (for 25 year + employees) on Sept. 9 and Homecoming on Oct. 18 for our students, community and alumni where we will be soliciting video testimonies for our web site and a video. We look forward to your participation!
