A Note on Electives

The 180-hour requirement is based on an average of 15 hours each quarter. However, students may take up to 18 hours each quarter without incurring additional charges. This sample shows how a student could easily take more than 50 hours of electives in four years. This permits students to do additional work in theatre and do another major as well. This sample shows an emphasis on Directing. We also offer a minor in Arts Administration.
