Notes about the Bachelor of Science, Major: Allied Health (BS) at Otterbein University

- To graduate from Otterbein, students are required to complete 50% or more of their degree at Otterbein. Otterbein requires 120 credit hours to complete the bachelor's degree. Students must complete three writing intensive courses (WI) (ENGL 1100 plus two additional courses in the major at Otterbein) and three disciplinary skills courses (DS) (ENGL 2X67 plus two additional courses taken at Otterbein).
- *INST 2X00 Courses:** Students may complete INST 2200, 2400, and 2600 in any order at Otterbein. Only one 2X00 course can remain to be taken with the INST 3000: Interdisciplinary Seminar.
- Students must earn a C or higher in all prerequisite course work for the Allied Health major at Otterbein. Students are encouraged to meet with an Otterbein advisor regarding their major course work and general education course work meant to satisfy Otterbein's general education or INST requirement.
- Students complete the AAS SES- Exercise Science Track degree and will then complete two years at Otterbein University to complete requirements for the BS degree.
- PHYS 1100 and 1200 at Otterbein are only required for students interested in completing the prerequisites for a Doctor of Physical Therapy professional degree. Students interested in using this degree as preparation for the Physician Assistant master's degree programs will also need CHEM 2400 and 2410 (Organic Chemistry Lecture and Lab) and BIO 2800 Human Microbiology Lecture in addition to the courses required for the degree. Students who are seeking entry to Doctor of Occupational Therapy programs will also need to complete an Abnormal Psychology or relevant upper level psychology course. Students preparing for any of these programs are strongly encouraged to speak with their Otterbein advisor on the appropriate course plan.
