

# MASTERS OF ARTS IN EDUCATIONAL MATHEMATICS

OTTERBEIN UNIVERSITY

THE  
**18** *in* **15**

PROGRAM

Are you a licensed AYA teacher who wants to teach **College Credit Plus** courses or at a community college? With Otterbein's **18 in 15 Program**, you can earn the 18 semester hours that you need\* in only 15 months. Our educational mathematics classes are offered in the evenings and during the summer, providing practical information and experiences to apply in your classroom.

**We offer two and three credit hour courses that can be taken in any order – no prerequisites.**

### 3 CREDIT HOUR COURSES

### 2 CREDIT HOUR COURSES

SU 16	MATH 6110 Algebraic Structures EDUC 6881 Discourse	MATH 6220 Combinatorics	SU 16
FA 16	MATH 6160 Advanced Calculus		
SP 17	MATH 6130 Finite Mathematics		
SU 17	MATH 6150 Advanced Geometry EDUC 6882 Representations	MATH 6230 Topology	SU 17

COST: \$1,671 per course (*scholarships are available*)

COST: \$1,114 per course (*scholarships are available*)

## TWO EASY WAYS TO REACH 18 *in* 15:

- 1) Seven Courses Summer 2016 through Summer 2017**  
*Two or three courses in SU 16 (5 or 8 hours)*  
 +One course FA 16 (3 hours)  
 +One course SP 17 (3 hours)  
 +Three or two courses in SU 17 (8 or 5 hours)  
 Total: 19
- 2) Six Courses Summer 2016 through Summer 2017**  
*(all of the classes in the three credit hour column)*

The **Master of Arts in Educational Mathematics** degree (30 hours) can be earned in two years by taking classes summer, fall and spring. EDUC 6890: Research seminar is offered every fall term and EDUC 6895: Research capstone is offered every term.

**Consider sending a team of educators from your school, creating a professional learning community that can support and strengthen the entire mathematics department.**

A “summers only” option for the master’s degree can be created with a cohort of 12.

\* Ohio Revised Code 3365.11 Credential Requirements for Instructors
