- At Otterbein, at least 36 credit hours of coursework must be taken in Otterbein classes. Of these hours: at least 9 credit hours must be taken in each of a student's majors at the 3000 level or above, at least 5 credit hours (any level) must be taken in each minor, and at least one INST 2XXX thread course, INST 3XXX, and an SYE course must be taken at Otterbein. Otterbein requires 120 credit hours to complete the bachelor's degree with an overall GPA of 2.0 or higher.

- **\*\*Students must earn a C or higher in all prerequisite and major course work for the Mathematics major (BA) at Otterbein.** Classes denoted by the double asterisk are prerequisite/major courses for the Mathematics major (BA). Students are encouraged to meet with an Otterbein advisor regarding their major course work and general education course work meant to satisfy Otterbein’s general education or INST requirement.
- **CSCC Degree Plan:** This 2+2 Plan of Study was created with the assumption that students would complete the AS Mathematics Bachelor’s Degree Transfer Major before transferring into the stated bachelor’s degree. Completing the general Associate of Science degree is also an option and this document can still be used for degree planning. If you have questions, contact a Columbus State Arts and Sciences Academic Advisor and an advisor at Otterbein University.
- **Mathematics BA Degree at Otterbein:** Students may discuss the option to “upgrade” to a Bachelor of Science (BS) degree with a Mathematics major at Otterbein with their faculty advisor upon enrollment. Some course work required for the BS is offered only every other year and will require individual planning to accommodate, if possible.
