

BIOCHEMISTRY & MOLECULAR BIOLOGY

“The faculty and staff at Otterbein are beyond incredible. They genuinely care about their students, the small class sizes at Otterbein provided me the comfortable environment to get to know them multi-dimensionally. It’s the best decision I ever made. Not only have I made the most incredible friends that are now like family, but the unique BMB major was perfect for me. It covered all the classes a pre-med student needs to take, while allowing me to fall in love with science and discover various passions.”

— Megan McClain '21

IMMERSIVE EXPERIENCES

- Summer Research - off campus
- Summer Research - on campus
- Teaching Assistant
- Patient Care Assistant
- Internships with local companies

POSITIONS WITHIN 1 YEAR

- Clinical Research Coordinator
- Chemical Sales Development Specialist
- Lab Technician
- Policy Fellow
- Education
- Sales
- Medical School Student
- Veterinary School Student
- PA School Student
- Dental School Student
- Graduate Student

PROFESSIONS WITHIN 3-5 YEARS

- Senior Scientist
- Lab Coordinator
- Doctor
- Veterinarian
- Optometrist
- Dentist
- Physician’s Assistant
- Assistant Professor
- Forensic Scientist
- Pharmaceutical Marketing
- Microbiologist
- Genetic Counselor

POSSIBLE EMPLOYERS

- Nationwide Children’s Hospital
- GFS Chemicals
- National Institutes of Health
- OhioHealth
- Labcorp
- CAS (Chemical Abstracts Service)
- Anheuser-Busch
- CoverMyMeds
- The Ohio State University James Cancer Center
- Hikma Pharmaceuticals
- Genesis Healthcare System
- Andelyn Biosciences
- Sarepta Therapeutics
- Forge Biologics
- Amgen

Ensuring **EVERY STUDENT WILL** be **READY** for their future.
