

“ The community in the physics department was especially unmatched. Having the space to work in the advanced lab was fantastic. As students, we were able to work collaboratively in a space that really felt like our own and with the faculty nearby for asking questions. This environment really helped me discover what I was capable of. ”

— Keegan Orr '18

IMMERSIVE EXPERIENCES

- Research
- Internship
- Teaching Assistant
- Study Abroad

EMPLOYMENT WITHIN 1 YEAR

- Design Engineer
- Research Associate
- Academic Content Designer
