- At Otterbein, at least 36 credit hours of coursework must be taken in Otterbein classes. Of these hours: at least 9 credit hours must be taken in each of a student's majors at the 3000 level or above, at least 5 credit hours (any level) must be

taken in each minor, and at least one INST 2XXX thread course, INST 3XXX, and an SYE course must be taken at Otterbein. Otterbein requires 120 credit hours to complete the bachelor's degree with an overall GPA of 2.0 or higher.

- ****Students must earn a C or higher in all prerequisite course work for the Systems Engineering major at Otterbein.** Classes denoted by the double asterisk are prerequisite courses for the Systems Engineering major. Students must complete BOTH ENGR 1181 and 1182 to receive credit for ENGR 1000/1001 and 1010/1011 at Otterbein, both prerequisites for higher ENGR course work. Students are encouraged to meet with an Otterbein advisor regarding their major course work and general education course work meant to satisfy Otterbein's general education or INST requirement.
- Students in the Systems Engineering Major at Otterbein will need to purchase a specific laptop computer with required identified software prior to enrolling in engineering classes at Otterbein (ENGR and/or MENG courses). The laptop and software may be purchased through Otterbein. Please contact the Engineering Department at Otterbein to clarify the specifications and software needs prior to purchase.
- **ENGR 4999 Major Elective Course:** Students must complete 7 hours of ENGR 4999 course work to graduate with degree at Otterbein. Students should consult with their Otterbein academic advisor on appropriate 4999 courses to complete when enrolling at Otterbein.
- ***Columbus State Course Options:** For the Intermediate Composition requirement for the AS degree, ENGL 2767: Comp II: Writing about Science and Technology is suggested, but other 2X67 (except ENGL 2267) courses will meet AS degree requirement. For Social and Behavioral Science course, a student can choose from any published option on the Associate of Science curriculum (except for additional courses in the Geography department [GEOG]) or from the recommended courses on the Systems Engineering Bachelor's Degree Transfer Major plan of study.
- **CSCC Degree Plan:** This Sample Plan of Study was created with the assumption that students would complete the Systems Engineering Bachelor's Degree Transfer Major before transferring into the stated bachelor's degree. Completing the general Associate of Science degree is also an option and this document can still be used for degree planning. If you have questions, contact a Columbus State Arts and Sciences Academic Advisor and an advisor at Otterbein University.

For the Historical Study requirement, please choose from the courses below: [INST 2800]

HIST 1111	European History to 1648
HIST 1112	European History since 1648
HIST 1181	World Civilization I to 1500
HIST 1182	World Civilization II since 1500
HIST 2715	Western Medicine I to 1700
HIST 2716	Western Medicine II since 1700

Intermediate Composition

It is recommended that students complete ENGL 2767 for this requirement. However, students may choose from any of the additional options below to complete this requirement instead of ENGL 2767:

ENGL 2367	Composition II
ENGL 2467	Composition II: Race & Ethnicity
ENGL 2567	Composition II: Gender & Identity
ENGL 2667	Composition II: Working Class Identity
